'BIG CIRCLE' NO LONGER; TRAFFIC NOW TWO-WAY

The City of San Rafael today abandoned the "Big Circle" plan which has routed traffic one way through and around the Irwin street underpass for six weeks. "Every sign we could get" warned motorists that traf-

fic is now two ways on all streets, said Public Works Supt. Norris Rawles. Despite the signs, however, there were some drivers going the wrong way in left-hand lanes. "We're back to the customary confusion," said Rawles. (Independent-Journal photo)

Church Youth Protest Sunday Store Hours

Twenty-five members of the Youth Group of the Methodist Church of Mill Valley protested today, in a letter to the Independent-Journal, the growing practice of business places keeping their doors open on Sunday.

"What has happened to the custom of stores closing for Sunday?" demanded the letter. "We speak up now because we were disturbed to find bars, liquor stores and other stores open in Tiburon and Mill Valley on Easter Sunday, and we are sure that the same situation was to be found in every town and city of Marin County.

"Is it too much to expect that stores and bars be closed at least one Sunday during the year, to say nothing of the remaining 51?"

Rev. Edgar Nelson, pastor of the church, said the signers were indeed members of the church Youth Group. He said he has carried on no campaign against Sunday opening in his church, but "of course we're against it."

Signing the letter were:

Geri Briggs, Gail Gleason, Shirley Roberts, Margie Sipp, Daniel McLean, Charles E. Deal, Randy Tansley, Cheryl Saunders, Joan Stout, Sharon Berry, Carol K. Kemp.

Vicki Evans, Vera Wishart, Laurie West, Claudia Colburn, Susan Hofer, Linda Meierdierks, Judy Thompson, Linda Salvisberg, Fred Behringer, Jack Luas, Edith Kelly, Jill Henson, Nancy Aunapea and Lu Anne Behringer.

Dry, Mild Weather In Store This Week

SAN FRANCISCO (AP)—Continued dry, mild weather appears likely for Northern and Central California this week.

The five-day forecast, through next Saturday, said no rain is in sight and temperatures will be above normal inland and near normal along the seacoast.

There will be normal morning fog on the coast.

President Defers Decision On Dulles

(Picture on page 6)

WASHINGTON (AP)—President Eisenhower and John Foster Dulles agreed today to put off a decision on Dulles' future role pending further treatment of the cancer-stricken secretary of state.

This position was relayed to newsmen after Eisenhower paid a 45-minute visit to Dulles at Walter Reed Army Medical Center. White House Press Secretary James C. Hagerty said

"there has been no resignation submitted."

But associates of Dulles told United Press International that barring a miracle, he will have to quit. They based these conclusions on reports from Dulles' physicians and developments in the case during the secretary's rest at Hobe Sound, Fla.

Hagerty said whether the treatments will involve surgery or further massive doses of radiation will be announced when they begin. They are expected to start in the next day or so.

The White House said Dulles would remain at Walter Reed for "some days" for additional medical observation and treatment.

Dulles, who returned to the hospital unexpectedly yesterday, was reported feeling "quite chipper" despite the fact that he looked weak, pale and thin.

Eisenhower and Dulles conferred alone during most of the president's visit. They discussed Dulles' condition and world affairs.

The president went to visit Dulles direct from the airport after flying here from Augusta, Ga. for a 24-hour break in his golfing vacation.

A STINKING MESS

Game Warden Ponders How To Get Dead Sea Lion

Game Warden Alfred Giddings has a 2,000-pound problem today, and it is a stinker.

A huge sea lion washed up on Stinson Beach behind Elwood's Restaurant about five days ago and has been making its presence known ever since.

Mrs. Dorothy Cuthbertson, a weekend visitor at the beach whose husband works part-time at the restaurant, complained to the sheriff's office last night. She said the unwanted intruder was discouraging business at the restaurant.

Sheriff's deputies turned the

case over to the game warden, but Giddings says he's not sure what he can do. Breakers at the beach prevent boats from getting close to shore to pull the carcass out to sea. "I may try to set fire to it," said Giddings this noon. "But if that fails, I don't know what I'll do."

Giddings said he is more concerned with recent proposals in the Legislature to kill several thousand sea lions by depth bombs. "If thousands began washing up on the beaches, that would really create a problem," he pointed out.

BILL TO REVISE ELECTION RULES PASSES TEST

SACRAMENTO (AP)—Gov. Edmund G. Brown's purity of election bill won a smashing 72-4 victory in the Assembly today.

Assemblyman Gordon H. Winton Jr. (D-Merced), the author, said "I don't think the bill is perfect, but it's a step in the right direction."

The measure, which now goes to the Senate, requires candidates to report—by amount and name of donor—all campaign contributions of more than \$50. A fine of \$1,000 and up to six months in jail is set as a penalty for violation.

It also bars a committee from campaigning for a candidate without his permission. Statements must be filed before general, special and primary elections.

Assemblyman S. C. Masterson (D-El Sobrante), voted against the bill, terming it "a good deal of nonsense."

Re-Election Of Hub Mayor Appears Sure

Re-election of Arthur W. Smith as mayor of San Anselmo at tomorrow night's city council meeting appeared assured today.

A contest for the mayoralty, traditionally decided at the regular April city council meeting, was promised when Councilman Carleton G. E. Little disclosed plans to nominate William Franchini for the post.

Franchini declined nomination for the mayoralty last year following his election as high man in a five-way race for two city council seats. He nominated Smith, who was elected 4-1.

The voting line-up apparently will be different tomorrow. Councilman Carmel H. Booth, who voted against Smith last year because she said she knew his election "has been set up and pre-arranged," said today she will nominate and vote for the veteran mayor tomorrow.

Councilman Jordan L. Martinielli said he volunteered his vote to Smith two months ago "and I see no reason to ask him to release me from my promise." Smith is expected to vote for himself.

(Smith and Booth voted to name Martinielli to the council last April to succeed Philip J. Cullen Jr., who resigned. Little and Franchini voted for James W. Stinchcomb, principal of Isabel Cook School. Smith finally switched his vote to elect Stinchcomb. When Stinchcomb resigned last fall, Smith stood firm for selection of Martinielli, who was chosen by unanimous vote after the selection was once postponed.)

Decision on whether to call an election to find a successor to Police Chief Donald T. Wood, who will retire Aug. 1, was put over until tomorrow at an adjourned meeting of the San Anselmo Council last week.

2 Service Stations, Grocery In Novato Struck By Thieves

Two service stations and a grocery store in Novato were hit by thieves Saturday night or early yesterday, reported the county sheriff's office.

Thieves tore off a coin box from a soft drink machine at the Grant Nelson Service Station in the Nave Shopping Center, made off with \$25 worth of empty soft drink bottles from behind Warden's Grocery Store at 902 Grant avenue, and escaped with a cigarette machine from in front of the Kernan Service Station at 1590 S. Novato boulevard.

The last item has the service station owner puzzled. It was left outside because it was heavily weighted with cement, making it almost impossible to move.

U.S., Britain Ask Limited Atom Test Ban

Surface Explosions Embargo Sought As First Step

GENEVA (AP)—The United States and Britain asked the Soviet Union today to agree to a prompt controlled suspension of nuclear weapons tests on or near the surface of the earth—leaving the problem of other types of blasts for later negotiations.

Informants said the proposal provided for splitting up the test suspension problem. It was advanced as the three-power talks resumed after an Easter recess.

NEGATIVE REACTION
First Soviet reaction was reported to be negative.

Under the new western plan, agreement would be reached at once on banning surface and atomic nuclear tests—the ones which cause dangerous radioactive fallout.

Such an agreement would not cover very high altitude and underground atomic and hydrogen weapons blasts. Such explosions—difficult to police in any event—could be covered in some subsequent agreement reached after the first problem had been solved.

TWO-PART PROBLEM

U.S. Ambassador James J. Wadsworth and British Minister of State David Ormsby-Gore proposed dividing the nuclear problem into two parts with the idea of getting quick agreement on the types of tests easiest to detect. The ending of such tests also would avoid any health hazards to the world's population.

The sources pointed out that the United States and Britain would prefer an agreement covering the entire range of tests. But the Western powers recognized that this conference, which began its deliberations on Oct. 31, now was bogged down on East-West differences about controls.

POLICING SIMPLER

Presumably the limited agreement now suggested as a first step would require less elaborate policing arrangements than a total ban. The Western powers, however, want foolproof controls built into any type of agreement they sign.

Soviet Delegate Semyon Tsarapkin told reporters after today's meeting:

"It is not acceptable, we have got to stop everything."

Driver Runs Over Boy, Speeds Away

A hit-run motorist who paused just long enough to look at his victim was sought by Marin County sheriff's officers today.

Five-year-old James Andrew Brown of A-28, Apt. 217, Marin City, was riding his bicycle on Coleman avenue Saturday when a rust-colored 1951 Mercury backed into it, the California Highway Patrol reported.

One wheel of the car rolled over the boy's left leg, witnesses said.

The child screamed. The driver stopped, got out of the car, and walked back to where the boy sat in the street, doubled up in pain, witnesses told the highway patrol. But when the boy's mother, Mrs. Daisy Brown Hunter, approached, the man got back in the car and drove away.

The child was treated at Marin General Hospital, where he was found to have suffered no fractures.

2 To Take Police Sergeant's Exam

Two of the three Sausalito police officers eligible to become sergeant have signified their intention to take an examination for the post Saturday, city manager Donald A. Duerr announced today.

Sausalito Citizens To Seek Vote On Buying Sandspit

A group of Sausalito citizens, insisting that the city's sandspit should be preserved as a landscaped park and not used for commercial purposes, today announced plans to circulate petitions calling for a bond issue to acquire the property.

"This should be considered a revolt of the citizens and a rallying point," declared M. Justin Herman, spokesman for the petitioners. "This is not any single group or organization but represents citizens from all walks of life in Sausalito."

Last week the city council

voted 3-2 to permit "in principle" commercial use of the sandspit, following a proposal from San Francisco's J. Eugene McAteer to construct a restaurant and shops on the plot.

"The sandspit has become a symbol of revolt," Herman said, "aimed at the increasing pressures for high density development."

A committee appointed by Mayor Howard Sievers reported last week that it would take on estimated \$200,000 to acquire and develop the area. But Herman said, "our petition will show no specific

amount of money since the cost of acquiring the Madden and Lewis interests will involve appraisals and court judgments."

He added, "we are hoping for assistance from the Richardson Bay Foundation and others to supplement the proposed bond issue."

Herman said the committee expects to start circulation of petitions later this week or early next week.

He said that about 300 signatures of registered voters would be required to force action.

RUCKUS IN SAUSALITO

Brawl Breaks Out--And In Walks D.A.

Two customers at the Old Town Coffee House on Sausalito's Second street picked exactly the wrong moment to start a ruckus.

As Patrick A. McCarty, 20, an airman stationed on Mt. Tamalpais, and Lawrence L. Horstman, 22, a potter living on a Sausalito houseboat, passed from words to fists early Saturday, in walked:

Police Chief Howard W. Goerndt;

Dist. Atty. William O. Weissich;

Two of Weissich's deputies;

Four of Goerndt's policemen;

Two Alcoholic Beverage Control Department enforcement agents.

The king-sized raiding party had been on the prowl for per-

verts. They arrested one suspect, Jack Manning, 33, of 60 Crescent avenue, Sausalito, earlier outside a tavern which they all refused to identify by name.

Horstman and McCarty were staging a lovely Pier 6 affair when the gendarmes arrived. It was short-lived.

As police handcuffed Horstman, McCarty broke free and ran for it. But he was outsped by Officer George Alberigi, who returned him to custody.

Manning was booked at the county jail for making improper advances to an Alcoholic Beverage Control agent; McCarty and Horstman, for disturbing the peace.

San Rafael Voter Turnout Heavy

Voters turnout in San Rafael was running heavier than normal this noon where the police chief's race has aroused wide interest.

Voting was light in the school district outside the city limits.

After a quick morning check of various precincts, City Clerk W. L. Morgan reported "heavier than normal" turnout and predicted that about half the voters may cast ballots by 7 o'clock tonight. The normal turnout for a city election is about 40 or 45 per cent.

A complete election roundup will be broadcast over radio

station KTIM at 7:45 tomorrow morning.

As of noon today, the city hall polling place had 107 votes cast out of 550 registered voters, which is heavy for midday.

At the Union street firehouse, 57 had voted out of 379; at the county office building on Grand avenue, 50 out of 400.

Turnout for the board of education race was much lighter. Hoffman School at Terra Linda had 28 voted out of about 1,200; and Hartzell School in Rafael Meadows, 24 out of about 800.

3 Persons File For School Board Posts

Filing of petitions by two candidates for the Mill Valley School District board and one for the Nicasio School District were announced today by County Supt. Virgil S. Hollis.

Henry T. Malcheski of 36 Strawberry circle and George M. Wood of 173 Marguerite avenue are the two Mill Valley candidates. Malcheski, 49, is owner of the Mart in Sausalito, art material and toy shop. Wood, who is 46, is assistant personnel manager for Bechtel Corp. in San Francisco.

They are vying with Jean F. Rosse, incumbent trustee, to fill two vacancies on the Mill Valley School District board.

Candidate for Nicasio School trustee is Roy R. Bunt, 49-year-old ranch owner. He is the first candidate to file for one vacancy on the Nicasio school board.

Hill Haven Homes Without Water

Fifty homes in the Hill Haven subdivision of Tiburon were without water yesterday when a pump which supplies a storage tank in the area broke down, according to L. J. Stefani, Marin Municipal Water District superintendent in San Rafael.

The situation was reported early yesterday morning and crews worked all day to get water running again by 5 p.m.

Scarlet Fever Quarantines Juvenile Hall

An outbreak of scarlet fever has isolated Marin Juvenile Hall, Probation Officer Walter Busher reported today.

On the advice of County Health Officer Carolyn Albrecht, no youngster will be allowed to enter or leave the hall for the next three or four days while doctors keep the 26 inmates under observation.

A 13-year-old boy came down with scarlet fever yesterday. A girl, 16, was also suspected, but her case was diagnosed today as the last stages of influenza.

This is the second time in about five weeks that disease has isolated juvenile hall. Last month the place was quarantined because of an outbreak of influenza.

Dr. Albrecht said penicillin has been given to all youngsters and adult personnel at the hall. Their throats were swabbed to get specimens for examination. Results of the test are expected tomorrow morning.

"There is no cause for alarm as far as I can see," said Dr. Albrecht.

Sonic Booms Here To Stay, Says LeMay

LAS VEGAS, (AP)—Gen. Curtis LeMay, Air Force vice chief of staff, said today some of the newest military jet planes produce sonic booms 100 miles wide.

"So far as we know today, there are no technical or scientific solutions to counter this phenomenon," LeMay said in a talk prepared for the opening session of the World Congress of Flight here.

"We also know — from the amount of fan mail we receive on this subject — that these pressure waves, aside from causing considerable apprehension and discomfort, in some cases inflict physical damage to property."

Brown Tells People: 'Days Of Hesitation In State Are Behind'

OAKLAND (U) — Gov. Edmund G. Brown saw great things ahead for California today in a mid-season report on the aims and accomplishments of his new regime.

The Democratic governor credited his administration with acting swiftly since he took office Jan. 5 to restore the state's place in the progressive vanguard of the nation.

Brown said, in a speech prepared for the second stop of a whirlwind statewide tour: "Six months ago I saw California hesitating on the edge of greatness. Today I tell you that those days of hesitation are behind us.

"We are moving boldly and decisively forward into California's era of greatness."

Brown emphasized the liberal theme in the speech written for an East Bay Luncheon Forum in the home town of former

3 Stinson Women Seek Wild Flowers

Three Stinson Beach women will travel thousands of miles within the next two weeks to gather blooms for the annual Stinson Beach Wild Flower Show, which is set for May 2 and 3.

The three are Mrs. William Sherfey, Mrs. Edward E. Leary and Mrs. Kenneth Shockey. They will gather and arrange exhibits of more than 200 varieties of wild blooms, in an area extending from the reaches of the High Sierra to their seaside home village, and from Mendocino County to Bakersfield and Santa Maria.

Only native flowers which grow wild in the varied terrain of Central California are exhibited in the unusual show, acclaimed by John T. Howell, curator of the botany division of the California Academy of Sciences, as outstanding in its field.

The exhibition will be staged from 10 a.m. to 5 p.m. on May 2 and from 1 to 5 p.m. on May 3. Tea will be served from 1 to 4 p.m. on the opening day.

Proceeds from admission will go to the Stinson Beach Community Chapel building fund. The chapel is to be the next unit of the community center to be built by volunteer labor with money for materials raised by community efforts.

TURN ABOUT IS FAIR PLAY IN JET AGE

LONDON (U) — The villagers of Langford plan a nighttime telephone campaign to keep the jet age from disturbing their sleep. They are going to waken government officials they believe responsible for approving the 1:30 a.m. departure of one of Pan American World Airways' Boeing 707 jets from London airport. The daily flight to New York begins April 27.

The jet normally will pass right over the village of 3,084 persons. The Langford sleepers are particularly angry because the flight's departure was switched from day to night so the jet could land during daylight hours in New York.

Problems Of Older Worker To Be Studied

OAKLAND (U) — Gov. Edmund G. Brown today announced the appointment of a special committee on employment and retirement problems of older workers in California.

He said there have been suggestions that the state might develop a system which would allow workers to move between retirement plans of individual companies without loss of credits or potential benefits.

The governor named Arthur Ross, director of the Institute of Industrial Relations at the University of California, to head a committee assigned to look into the problem.

Outlining the problem, Brown said pension plans often involve compulsory retirement of persons who still have much to contribute to society. Then, too, he said, employers hesitate to hire older persons because of higher pension plan costs.

In still other cases, he said, workers who have earned private pensions and other benefits decline to accept new jobs in order not to endanger their credits.

Many Indian women in western United States wash their hair with "amole," the root of one species of Yucca, the state flower of New Mexico.

Nuclear Power Seen Key To Water Problem

SACRAMENTO (U) — The use of nuclear power to transport converted sea water to needy areas could be the answer to California's water problems, a legislative committee reported today.

The Assembly Interim Subcommittee on Water Project Power said it doubts whether enough low-cost power will be available from present sources to carry water from the wet north to the thirsty south.

"The key to the successful solution of California's water problems lies in the development of all new sources of low-cost energy for the transportation and distribution of water to all areas of need," said Chairman Jack A. Beaver (R-Redlands).

The report, made after a two-year study, calls for continued state support of federal salt water conversion programs and recommends that a demonstration conversion plant be built on the California coast.

The subcommittee said operation of a nuclear-powered salt water conversion plant, built by the state and federal governments, appears a certainty in the near future.

Last year the state entered into the first federal-state agreement for a design study of a sea-water distillation plant powered by a nuclear reactor.

The subcommittee noted that the cost of converting salt water still is much higher than water from other sources.

However, a proposed demonstration plant with a capacity of a million gallons a day should help cut the cost and provide tests for what are now just theories about the possibilities of sea water, the report said.

A qualified pharmacist must be able to compound and dispense about 40,000 different items.

What A Nose! Marin Dog Triumphs In S.F.

The Redwood City bloodhound got lost in the crowd at Oakland's Lakeside Park, but the Marin German shepherd, nose to the ground, went straight to his quarry.

It was quite a triumph yesterday for Judo, 4-year-old shepherd owned by Mr. and Mrs. Chester C. Vargas of 18 Eucalyptus road, Belvedere, and one of the empty-umt dogs that will be on display at the first show of the new Sir Francis Drake Kennel Club next Sunday at the College of Marin football field (a show free to the public, by the way).

Yesterday's show was free, too, and had about 4,000 on-lookers.

It came about because Ted Prince, professional tracking dog trainer of Redwood City, saw Judo on television shows demonstrating his ability to track and issued a challenge. Prince wished today he hadn't.

Skipper Sedley, Fairfax resident and KPIX television personality, emceed the match at Lakeside Park. Judo was to track Mrs. Vargas. Prince's bloodhound, Jack, was to track Prince's 12-year-old son, Barry.

The quarries made circuits through the park and took their places to wait for the dogs. Each dog was given something from the quarry to smell and told "go find 'em." Off they went, Judo dragging LaRue Grimm, San Francisco dog trainer, at the end of his leash; Jack taking it more leisurely with his owner.

In 3 minutes 30 seconds, Judo had found Mrs. Vargas. But

JUDO
His nose knew

Jack was all mixed up with a crowd of kids in the park, and never did find Barry.

Skipper Sedley more-or-less solemnly presented a big trophy to the owners of Judo—a dog that, incidentally, carries the initials U.D.T. after his name like a college degree. The U.D.T. stands for utility dog tracker, and is awarded by the American Kennel Club. It is a degree, too, for dogs—the highest in the tracking profession, according to Mrs. Vargas.

Market Plans To Be Studied

Revised plans for an Embee market proposed for the Paradise Drive Shopping Center will be considered tonight by the Corte Madera Board of Design and, if approved, by the town planning commission.

The board of design will meet at 7:15 p.m. and the commission at 7:30, both in the town hall.

William G. McBride, building inspector, said the proposed 22,000-square-foot supermarket would be the first phase of a shopping center to be built on a nine-acre site adjacent to Marin Estates subdivision on the south side of Paradise drive. Russell-Jones Co. is the developer.

McBride said plans of designer Harold B. Wagstaff call for a modern one-story steel and concrete block building with a large glassed entrance. A landscaped parking area with 139 parking stalls would be provided.

George Pollard, Larkspur contractor, already has been selected to build the supermarket.

McBride said the board of design scheduled its session just before the planners' meeting so the market plans can be taken up by the commission without a month's delay.

Dutch Conductor Eduard Van Beinum Dies At Rehearsal

AMSTERDAM, the Netherlands (AP)—Eduard Van Beinum, 59, one of the world's leading symphony conductors, suffered a heart attack and died during a rehearsal with the Amsterdam Concertgebouw Orchestra.

Van Beinum had conducted the Concertgebouw since 1937. Since 1957 he also had been music director of the Los Angeles Philharmonic.

He brought the Amsterdam orchestra to the United States for a successful tour in 1954. Another was scheduled for 1961. Later this year he was to have conducted a series of concerts with the Los Angeles Philharmonic.

In the 1955 and 1956 seasons he was guest conductor with the San Francisco Symphony.

Liquor Store Pays Penalty To State

SACRAMENTO (CNS)—The state Department of Alcoholic Beverage Control reported it has accepted payment of \$1,192 from Herman E. Barnett, in lieu of a 15-day suspension of his off-sale general liquor licenses for Flamingo Liquors, 1335 Fourth street, San Rafael. Barnett had been charged, on April 17, 1957, with sale to a minor.

Group Seeks To Coordinate Peace Effort

Marin County became part of a pilot project to coordinate the various organizations actively campaigning for peace when an "Acts for Peace" conference attended by 65 persons was held in San Rafael.

Behind the project is Robert Pickus, a former University of Chicago faculty member, who came to the Bay Area about four months ago and has set up an office in Berkeley. So far a Peace Center has been established in Chico, Modesto has a group and a program is under way in the East Bay.

EXPANSION PLANS
If the effort at coordination of groups such as United World Federalists, American Assn. for the United Nations and the Friends Committee on Legislation works in 20 Northern California communities then Acts for Peace will expand its field.

Its financial support comes from individual contributions. Several persons made pledges at the Saturday conference in San Rafael.

POINTS OF SPEAKERS
Among the points made by the conference speakers were these:

1. Each individual group—which range in philosophy from "less money for armament and more foreign aid" to a pacifist position—should continue to work on its own but Acts for Peace could be a clearing house of information.
2. It should be emphasized that Acts for Peace and the organizations it is trying to coordinate are not part of a Communist-inspired peace effort.

Speakers at the conference in addition to Pickus included: Richard Drinnon, University of California history professor; Rev. Samuel Wright of the Mar Unitarian Church; Rabbi Morton Hoffman of Congregation Rodef Shalom, Mrs. Nancy Swadesh of Mill Valley and Jerry Rubin of Corte Madera.

State Air Pollution Board Proposed

SACRAMENTO (AP)—Creation of a state air pollution board was proposed today by Assemblyman Thomas M. Rees (D-Los Angeles).

He said the state board could coordinate city and county efforts in the battle against smog.

Rees and Sen. Richard Richards (D-Los Angeles) were co-sponsors of Gov. Edmund G. Brown's first anti-smog bill which cleared the Legislature last week. It requires development of standards for auto exhaust emissions.

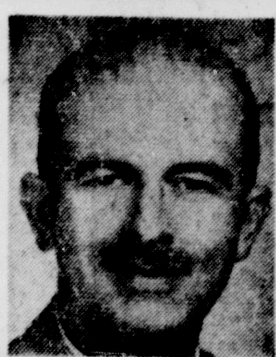

Brown's other anti-smog measures — to develop air standards — is ready for Assembly action.

Training Program

Misaligned Spine Cause of Serious Sickness

by Dr. Robert W. Pearce

All of us probably have been sick at one time or another. But few of us ever ask, "What was the cause of my sickness?"

A book by Dr. H. H. Rubin says a great many symptoms of disease may be nothing more serious than a displaced vertebra.

How can this be? How can a bone in the spine cause heart trouble, ulcers, arthritis and many other diseases?

Dr. B. J. Palmer of Davenport, Iowa explains that all nerves flow from the brain through the spine. These nerves spread to all parts of the body through openings between the bones or vertebrae of the spine. Dr. Palmer says the nerves

sometimes become pinched from a misaligned vertebra. Pain and sickness result when this happens because our organs cannot work properly without vital nerve impulses.

Some thirty million people visit chiropractors for all types of sickness. Chiropractors are trained to correct spinal defects which pinch nerves.

For additional information on Chiropractic care (Palmer Method) write Dr. Robert W. Pearce at 1628 Fifth avenue in San Rafael, or address a card or letter to Dr. R. W. Pearce in care of Independent-Journal Box 725, or call GL 3-6201. Advertisement

LAW IN ACTION

If You Sign For Minor Driver, You Are Liable

* (This column, prepared by California lawyers, appears regularly in the Independent-Journal.)

As a rule, a minor can get a California driver's license only if some adult signs his application — his parent, guardian, employer, or adult husband or wife. As a signer, you must stand good for damages up to \$11,000 for the harm (injury, death, property damage) he or she may do through a lack of due care or wilful misconduct.

An injured person may sue the minor, you or both of you.

WHO IS MINOR

Who is a minor?
A single person under 21, or a married one under 18 years old.

If you sign and verify a minor's application, your liability goes on until the license is canceled or until he or she reaches 21. Even the minor's later marriage may not lift your liability.

WHAT TO DO

How do you get out from under?

Yank 'Plotter' Expelled From Cuba Forever

CHICAGO (AP)—Alan Robert Nye is back home with his family in nearby Whiting, Ind., and says he wants to forget quickly his imprisonment in Cuba and suspended death sentence for the alleged plot to kill Premier Fidel Castro.

The 31-year-old former U.S. Navy flier landed at Midway Airport last night on a flight from Havana, less than 20 hours after a Cuban military tribunal pronounced a death sentence. The tribunal suspended the sentence on condition Nye leave Cuba within 48 hours.

Nye, who steadfastly maintained his innocence during his 106 days in jail and at the trial, was greeted at the airport by his mother, Mrs. Joseph Lynch, 51.

"We're all right now, mom, aren't we?" Nye asked, embracing his mother. "Don't cry. We're safe now."

Then the gangling Nye appearing jubilant, turned and kissed his stepfather, Daniel Lynch, who had attended Nye's trial in Havana and flew back with him and his attorney Joseph P. Sullivan.

Both Nye and Sullivan declined to comment on Nye's conviction on charges of conspiring to kill Castro while Castro was fighting to overthrow the Cuban dictator Fulgencio Batista. Nye was arrested last December and had been a prisoner in grim La Cabana fortress overlooking Havana since January.

Dressed in khaki trousers, a tan cloth jacket, blue sports shirt and black combat boots, Nye told reporters: "I'm just glad to be home. I'm going to Whiting and get a good rest."

Asked about his imprisonment and trial, he said: "I can't discuss Cuban politics and I don't want to say anything about my trial."

"Cuban politics don't concern me anymore and never will again."

The military tribunal said Nye will face a firing squad if he ever returns to Cuba.

At New Orleans earlier, Nye said he had about as much chance of getting a fair trial in Havana "as a snowball in that place made famous by Dante."

Akihito, Bride Feted With 'Box Lunch'

TOKYO (UPI)—Two hundred formally-clad official and social leaders feted newlywed Crown Prince Akihito and his bride, Princess Michiko, at a box-lunch banquet at the Imperial Palace today.

The fare was simple—the red bean rice and carp traditional on such occasions in Japan, chicken and sparrow soup, raw fish, salmon and duck, washed down with rice wine.

The carp, salmon and duck were put up as a box lunch in case any of the guests wanted to take part of the food home to their family.

More than 100 cooks and kitchen workers stayed up all night to prepare the food, which newspapers estimated cost about \$5 per guest. Each guest received a silver bonbon box as a memento of the occasion.

Emperor Hirohito, Premier Nobusuke and Dutch Ambassador Jonkheer O. Reuchlin, the dean of the diplomatic corps, spoke briefly. Ryogoro Kato, speaker of the house of representatives, led the guests in three banzais for the happy couple.

Akihito, in morning clothes, and Michiko, wearing an ivory colored gown with a cloud pattern, sat the emperor's right.

Takeshi Usami, director of the Imperial household, formally registered Michiko as a member of the royal family today.

Sweet Martini? You'll Flunk At Spy School

STOCKHOLM (UPI)—The big, shining American automobile drew up outside the "Texas Bar." A tall man in an Ivy League suit got out and sauntered into the dimly-lit saloon.

"A sweet martini," he ordered. "Nyet," snarled the barman. "No American would drink a sweet martini. Now start all over again."

"Well, how about a Scotch-on-the-rocks?"

Mai Per Lingren, writing in the Swedish military journal "Contact with the Armed Forces," says this is the sort of thing which happens every day in the "typically American" town of Winniza.

Winniza, U.S.S.R., not U.S.A. STATEWIDE SPIES For Winniza, claims Lindgren, is Russia's top school for Soviet spies scheduled for stateside assignment.

Atomic Sub Sets Speed, Depth Record

GROTON, Conn. (AP)—The atomic submarine Skipjack, with seven congressmen aboard, plunged effortlessly to new ocean depths at record speeds over the weekend.

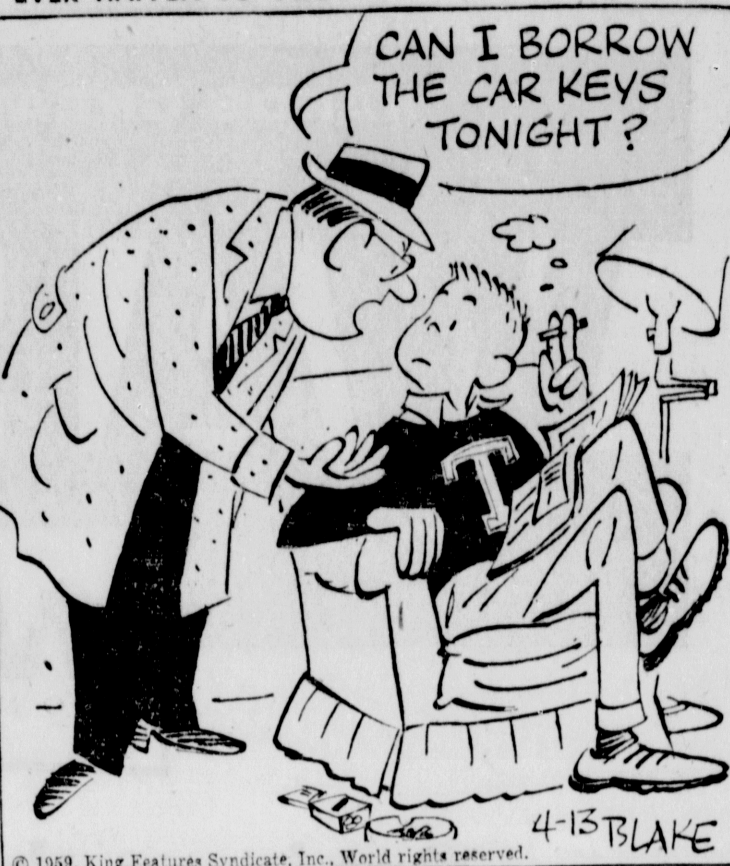

The whale-shaped Skipjack, to be commissioned Wednesday, ploughed deeper and reached speeds greater than any known submarine in history. It returned to its berth here yesterday. Members of the Joint Congressional Committee on Atomic Energy who made the trial run and took turns at the controls were visibly impressed.

The Navy would give no details but Sen. Clinton P. Anderson (D-N.M.), chairman of the committee, said in a statement: "For security reasons I can only say that we were deeper than 400 feet and moving faster than 20 knots."

Ancient Carthaginians called the Iberian Peninsula "Ishaphan," meaning "the land of the rabbits." The name was corrupted by the Romans into "Hispania."

4 Men, Raft Leave Peru For Polynesia

CALLAO, Peru (AP)—Four men from three nations headed West into the Pacific today in hopes the wind and ocean currents will carry their raft to the South Sea-isles.

The sail-equipped raft Cantuta II is skippered by Edward Ingris, 45 of Czechoslovakia. He is accompanied by Jose Matousek, 37, another Czech; Joaquin Guerrero, 37, of Argentina; and Jaime Toledo, 34, of Peru.

Ingris and Guerrero failed in a previous attempt to make the voyage aboard the Cantuta I.

Several adventurers have made the crossing since Thor Heyerdahl, a determined Norwegian, rode the raft Kon-Tiki with his companions from Peru to the South Pacific. Heyerdahl wanted to prove it was possible for early inhabitants of the South American coast to have gone with the wind and the ocean currents to the islands of Polynesia.

Cuban People Puzzled At Course Of Revolt

HAVANA, Cuba (UPI)—The future of Cuba is as much a question mark today as it was slightly more than 100 days ago when the revolution led by Fidel Castro triumphed.

Castro, now premier, heads for the United States Wednesday to seek aid in reconstruction of this nation's shattered economy. He will leave behind him a puzzled people.

The nation is bewildered because it sought only the ouster of Dictator Fulgencio Batista and now finds itself caught up in the throes of a social revolution. It is somewhat frightened by the pace at which the machinery of government has veered to the left.

From the political point of view, Castro is firmly in the saddle despite the drop in his personal popularity since the first exuberant days of the revolution. From the economic point of view, the country is in a mess with the jobless hovering near the one million mark.

On the credit side of the ledger, Castro and his aides have established what is probably the first honest administration of government in the history of the republic.

In addition to wiping out the traditional system of graft and bribery of public employees, they eliminated subsidies to the press and slashed their own salaries in half. Castro even pledged firing squad justice to anyone who betrays the public trust.

But Cuba's two biggest sources of dollar income are in serious trouble. The all-important sugar industry faces a world production glut and falling market prices. The tourist industry has dwindled to a trickle.

The toll of "revolutionary justice" has been high. Castro said at one point that the number of executions probably would not exceed 400. But at this point the number is well over 500, with several thousand persons still to be tried as "war criminals." Some revolutionary voices have called for a quick end to the trials.

Castro and his principal aides have been warning about "invasion threats from abroad." But there seems to be no concrete evidence of this possibility.

Two things which stand out most after three months of the revolutionary government are the drastic legislative reforms which have been pushed through and the emergence of communism as a factor of national life.

The cabinet — or council of ministers, as it is known — has

reduced rents 50 per cent, imposed import controls and currency restrictions modified interest rates on loans and in installment sales, ordered the confiscation of the wealth of former Batista adherents, ordered intervention or assumption of management of nearly 300 commercial entities, and ordered some enforced sales of real estate holdings.

Perhaps the biggest single revolutionary measure, however, has been the wholesale purge of public servants suspected of harboring Batista sympathies.

Since the triumph of the Jan. 1 revolution, the communists not only have emerged from their underground hiding of the past seven years, but they have gotten themselves into key jobs in the armed forces and the labor movement. They also occupy some top government jobs.

Ike Interrupts Vacation To Check On Dulles

WASHINGTON (AP)—President Eisenhower returned to Washington today in a brief interruption of his Georgia vacation.

In a stay of about 24 hours here, planned to check up on the condition of Secretary of State John Foster Dulles and make a number of talks.

The President plans to return to Augusta tomorrow afternoon for a stay of another week or so.

At church services Sunday, the President and Mrs. Eisenhower joined in a prayer that Dulles will be able to return "to that office of usefulness which he has occupied so well."

Actor James Gleason Dies

HOLLYWOOD (AP)—Vinegary little Jimmy Gleason, an actor for most of his 76 years, died last night after an illness of almost a year.

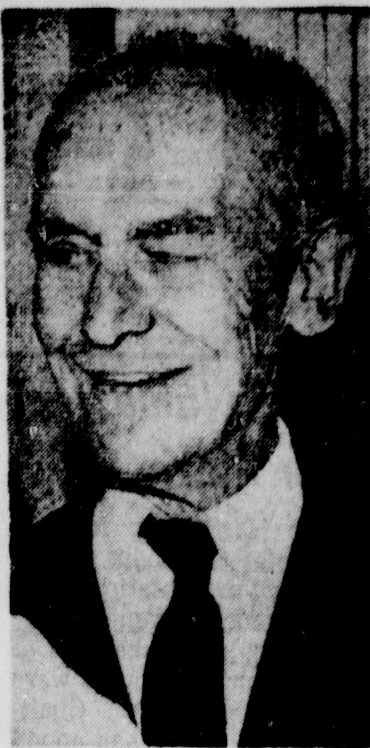

Gleason was noted for his dour humor and his masterful double take — talents which took him from the New York stage through more than two decades of Hollywood films.

His first role was being carried onstage in a play—at two months of age.

His last film role was as one of Spencer Tracy's political cronies in "The Last Hurrah." Many of his films are being shown now on television, including the Joe Palooka series, in which he played a fight manager.

In addition to acting, Gleason was also a producer and the author of two plays produced in New York. His film roles include "Life of Riley," "Come Fill the Cup," "What Price Glory" and "Here Comes Mr. Jordan."

Death came at the Motion Picture Country House Hospital in nearby Woodland Hills. He entered the hospital almost a year ago, suffering from chronic asthma.

Retired AF Lt. Colonel Found Dead

A retired Air Force lieutenant colonel whose home was in Novato died of a gunshot wound Friday in Trinity County under somewhat mysterious circumstances.

The body of Lt. Col. Ralph W. Springsteen, 52, was found lying near a road leading to a cabin near the town of Benny, where Springsteen had been living alone for the past year, according to Trinity County Coroner E. G. Chapman.

Chapman said the cause of death was a .22-caliber bullet wound in the head, and that he had signed a death certificate listing the death as suicide.

However, he said, Trinity County Sheriff Harold J. Wilson and a deputy were at Benny today, continuing investigation. An inquest may be held if the sheriff's investigation warrants such action, Chapman said.

Colonel Springsteen retired from the Air Force in 1955 after a service career of about 29 years. He had spent one tour of duty at Hamilton Air Force Base in the 1940's, and with his wife Cleo returned to Marin after his retirement. The couple's home was at 1429 Cambridge street, Novato.

The couple had no children. Survivors besides the widow, are a brother, Howard Springsteen of Carlsbad, and a sister, Mrs. Miriam Balcom of Ocean-side, both in San Diego County.

Funeral services will be held at 12:15 p.m. Wednesday at the Redwood Chapel Mortuary in Novato, with interment in Golden Gate National Cemetery, San Bruno.

Besides Mrs. Rosenberg, Mrs. Stern is survived by her husband, Harry Stern of San Francisco; three other daughters, Mrs. Miriam Remak of Terra Linda, Mrs. Phyllis Marcus of Santa Rosa and Mrs. Adele Oppenheimer of San Francisco, and 11 grandchildren.

His body was borne to its final resting place in a horse-drawn farm wagon, draped in red velvet and edged with cut flowers.

His widow and a daughter led a procession of more than 50 mourners who followed on foot as the wagon moved down the winding road leading from Wright's hillside home to Unity Chapel, half a mile away.

Some 200 crowded the small, pine-sheltered chapel.

Beating Report Solves Mystery

A gang beating of a San Francisco City College student in Fairfax one week ago has cleared up the draining of a 1,200-gallon gasoline tank at the Nerviani Brothers garden supply depot, sheriff's deputies reported today.

The victim, Gene Raymond Gauss, 22, of San Francisco said he was at the scene of the crime when other youths tore off the spout on Carlo Nerviani's gasoline tank and let the fluid spray the area and drain into the ground.

Gauss said he was beaten when one of the others tried to light a cigarette while the gasoline was draining and Gauss tried to stop him.

Gauss got away and was picked up by Fairfax police near the base of White's Hill.

He gave this account to Deputy Sheriff Kenneth Irving:

He and two companions, Jimmy Dale Anspach, 18, of San Francisco; and Lance Roy Lowrie, 16, of Chickasaw street, Corte Medera, went to Zip's drive-in in San Rafael. There they met a group of four youths identified only as Vic, Larry, Bob and one whose name is unknown.

They got into a car with the four and drove to the Nerviani property west of Fairfax. They broke the gasoline tank. Vic asked for a cigarette. Gauss said he warned the other that he had had too much to drink, and should not light a match. Vic hit him on the nose, and the unidentified youth pulled a switch blade knife.

After Gauss fled, Anspach said two of the youths held him while Vic slapped him and took his wallet containing about a dollar.

Sheriff's deputies are looking for the four who were responsible for the beatings and the gasoline tank damage.

Dominican Students Spin Through Space—With Science Lecturer

The girls at Dominican Upper School were dizzied today by a tour through space.

They didn't leave St. Thomas Hall to make the tour. Albert C. Heppie, a traveling science teacher from the Oak Ridge Institute of Nuclear Studies, brought space to them.

Heppie, who is on leave of absence from Sonoma High School, will also tell the Dominican girls this week about radiation biology, atomic structure, radioactivity, fission, fusion and reactors.

WEEK'S VISIT

He is on a week-long visit to the San Rafael school—one of very few girls' schools in the nation to receive the Oak Ridge Institute program—at invitation of the upper school science staff and Principal Sister Mary Maurice.

Heppie's program, which employs a variety of gadgets to keep his technical subjects interesting to students, is sponsored by the National Science Foundation and the Atomic Energy Commission.

The traveling science teacher really had the girls spinning during a 45-minute program on rockets, satellites and space fuel this morning.

CENTRIFUGAL FORCE

One girl was placed on a small pedestal which was rotated. In each hand, she held a five pound weight. As she went around, she was told to draw the weights in. As the weights came nearer the center of the turntable, she spun faster and faster—a simple but highly effective (and dizzying) demonstration of centrifugal force.

Other demonstrations showed the students how they become "weightless" in space, and how rockets and satellites travel.

Eighth grade and high school students witnessed this morning's program. Various groups and classes will attend Heppie's lecture-demonstration during the week.

Members of the Dominican Upper School science staff are Sisters Mary Aquinas, Mary Cunol and Mary Elaine.

The BULLPEN With JOHN J. CONNOLLY

S. F. Pitching, Outfield Strong; Infield Still Questionable

Another National League baseball scramble is under way. The S.F. Giants are in the wolf pack that will come thundering down next September toward a pennant.

The outlook for a good season is exceptionally bright. The Giants have pitching length and pitching strength. They have youth, hustle, fight and the will to win. All they need is the breaks of the game, which means luck in the right places.

It's pretty much the same story as last year for the Giants. They have an unsettled infield, perhaps we should say an infield that hasn't yet proven itself.

They have youthful catching that maybe isn't too smart. They have an outfield aggregation unsurpassed for power, speed or defensive strength.

The Giants pitching can be as good as it proves itself. One week it could be great, the next week, it could be awful.

WITH A pitching staff, unless it is gilt-edge, that is pretty much the story.

A pennant winning ball club needs consistent pitching. They need versatile pitching, such as lefthanders to stop the opposing lefthanded hitters or right-handers who can stop the strong right-handed batters.

No one can really tell how good or how bad a pitching staff can be, especially at the start of a season. There is only one real test for pitching and that is under fire.

Phenoms have been known to disappear when the chips are down, or in other words, when the season actually starts.

But taken as a whole the makeup of the Giants comes pretty close to rating a strong contender. It can win. The club last year scored more runs than Milwaukee, the pennant winner.

Now the only drawback to making runs is that you must keep the other club from making more runs. And last year the Giants couldn't do that.

THE GIANTS scored often and plentiful, but their opponents did likewise and in the end the Giants were found wanting.

But in 1959 you're going to see a Giant ball club that is pretty strong defensively, and by that I mean in a pitching way.

To be sure the staff has a lot of "ifs."

The biggest "if" is whether Jack Sanford, a durable right-handed pitcher, can cut the buck. He did it once before with the Phillies and the Giants think he can do it again.

Sam Jones, they call him Footpick, is a recognized dependable starting right-handed pitcher who has proven over the years that he can go the route.

HE COULD win the pennant for the Giants. But he has to be going at top speed. He

DeRosa Stars As Mariners Sweep Pair

Coach Ed Grimm's College of Marin Tars snapped a four-game losing streak Saturday when they downed the Napa Chief in both ends of a Golden Valley Conference doubleheader at Kentfield.

Bobby DeRosa, recovered from a foot injury suffered a week before, was a key man in both victories as he pitched a three-hitter in the nine-inning, 4-2 first game victory and then singled home two runs in the last frame of the seven-inning nightcap to give the Tars a 5-4 triumph.

Gene Klein was the winning pitcher in the second game.

The victories gave Marin a 6-4 won-lost record in conference standings.

In the first game DeRosa, a lefty, was backed up by 10 Marin hits, including three by righthander Mike Powers.

Finsterwald 6 Over Par, But Wins At Greensboro

GREENSBORO, N. C. (P) — Golf's gypsies were on the 1,200-mile hike to Houston, Tex., today hoping to find some sunshine after a water-logged finish to the \$15,000 Greensboro open tournament yesterday.

Dow Finsterwald battled through the biting cold wind and rain with a finishing six-over-par 77, but good enough to clinch first money with a 278 total, six under par.

Finsterwald, 29-year-old PGA champion from Tequesta, Fla., had a four-stroke cushion starting the final round, thanks to earlier rounds of 68-68-65.

Art Wall Jr. of Pocomoke Manor, Pa., riding the year's hottest streak, closed with a 74 to finish second at 280.

Finsterwald won \$2,000 and Wall, who won the Wilmington, N. C., Azalea Open and the masters at Augusta, Ga., the two previous weeks, picked up \$1,500. It brought to more than \$35,000 his earnings this year.

Sam Snead of White Sulphur Springs, W. Va., gunning for his seventh Greensboro victory

since 1938, finished with 70, the day's lowest score, for a 281 total and a third place tie with Bill Casper of Apple Valley, Calif. each won \$1,100.

Sharing fifth place on 283 scores, worth \$816 each, were Tom Nieporte of Bronxville, N. Y.; Peter Thomson of Melbourne, Australia and Billy Maxwell of Odessa, Tex. Locked in eighth place tie at 284 were Mike Fetchick of Yonkers, N. Y., leader through the first two rounds; Frank Strahan and Doug Ford, both playing from Paradise, Fla. Each won \$650.

Art Wall Jr. of Pocomoke Manor, Pa., riding the year's hottest streak, closed with a 74 to finish second at 280.

CHISOX SHOW TITLE PUNCH IN A.L. RACE

By ASSOCIATED PRESS

Three days doesn't make a week, let alone a season, but it sure looks today as if the Chicago White Sox have the two ingredients they lacked most last season. That would be home run punch and strong relief pitching.

It was this combination that helped them win their third straight yesterday, a 5-3 decision over Detroit. The home run punch was provided by rookie Norm Cash. The relief pitching was furnished by rookie Rudolfo Arias and sophomore Bob Shaw. Each came in to stifle a Tiger threat with the bases loaded.

Chicago's three in a row has the club alone at the top of the American League heap. Three other teams still are undefeated. Cleveland has won two and Washington and New York one each.

The defending champion Yankees finally were able to open their season at Yankee Stadium. They just did get the game in, too. It began to snow almost immediately after they had nipped the Boston Red Sox 3-2.

None of the other teams was as fortunate. Rain forced the postponement of the scheduled doubleheader between Baltimore and the Senators at Washington and the single contest at Kansas City between Cleveland and the Athletics.

LOLLAR STARS

Veteran catcher Sherm Lollar shared the hitting honors with first baseman Cash for the White Sox. Each drove in two runs. Cash's homer gave the White Sox six in three games. The 1958 Chicago team hit only 101 all year.

It took nine relief pitching by Arias and Shaw to keep the White Sox undefeated. Detroit loaded the bases with only one out in the seventh against strater Dick Donovan. Arias, a Cuban left-hander, came in to get cleanup batter Gail Harris on a called third strike and pinch-hitter Gus Zernial on a fly to right field.

Detroit loaded the bases again in the eighth with only one out. This time Shaw took over and got Eddie Yost to ground into a double play.

Bob Turley didn't need any help from the bullpen as he spun a two-hitter to get the Yankees away winging. Pete Runnels' double in the seventh and Vic Wertz' ninth inning single were the only hits Boston was able to get as Tom Brewer lost on an eight-inning Norm Siebern, sporting glasses for the first time, led the Yankee attack with three hits. His home run in the eighth snapped a 2-2 tie.

Braves Dickering For Bucs' Catcher Burgess

MILWAUKEE (P) — Manager Fred Haney was home with his Milwaukee Braves today — and rumor has it he still is pounding the trade tom-tom.

"We always think about trades," Haney says regularly. "It's one of the best ways to build a better ball club."

Veteran infielder Mickey Vernon was shifted to the roster of the National League champion Braves from the American League Cleveland Indians on Saturday in an even swap for Milwaukee hurler Humberto Robinson.

The latest name to pop up is that of Smoky Burgess of the Pittsburgh Pirates.

Executive vice-president Birdie Tebbets — when asked point blank what he has on his mind in the way of future trades — won't deny that when he left Cincinnati to join the Milwaukee front office that he tried to bring Burgess with him. Pittsburgh, however, beat the Braves to the draw by offering Frank Thomas in contract negotiations.

Burgess is obviously disappointed that all the Pirate catching duties so far have rested with Hank Foiles.

"If I can't catch regularly, I'm gonna wrap it up," Burgess said in Pittsburgh. "It isn't worth the separation from the family."

Burgess hinted that Pittsburgh would like to have Stan Lopata, whom Milwaukee obtained in a three-for-three swap with the Philadelphia Phillies.

Nathan Winner In Injun Valley Golf

Phil Nathan won first place yesterday in the Indian Valley Golf Club's Stableford golf tournament at the Novato course.

He compiled 44 points, followed by Andy Sommerville with 43. Fred Volz 42, Tom Hardcastle 41 and Tom Abern 40.

In the same kind of tournament Saturday Marv McDonald was the winner with 45 points. John Badurra had 41 and Warren Smith, Byron Dickson and Carl Rangall tied with 40 apiece.

The club announced its second blind team best ball tournament would begin next weekend and entries are still being accepted.

HANLEY'S REPORT

Giants' No. 1 Fan Arrives From N.Y.

By JACK HANLEY
I-J Correspondent

Out at 16th and Bryant Streets today the sharp, blue eyes of a gray-haired man, who flew in from New York for the Giants' home opener tomorrow with the Chicago Cubs, seemed a little sad.

Just a couple of inches over five feet and a few pounds over 100, Thomas Francis O'Brien perhaps is the No. 1 fan of the Giants in the country. Certainly there is none more loyal.

As he stood there looking across the street at the little bluff in Franklin Square that affords a peek over the right center field fence into Seals Stadium, it was not difficult to read his thoughts.

He seemed to understand they were being read and said: "Bryant's Bluff, eh? I first noticed it last year when I flew in for the 1958 opener. It's not near as high, of course, as Coogan's Bluff at the Polo Grounds. But it stirs the nostalgia."

"I'll bet there are a few sentimentalists, like myself, who now are strolling by the Giants' old New York home beside Coogan's Bluff and feeling a touch of homesickness. But it cannot be as rough on them as it was last year."

O'BRIEN, now 67, has been a Giant fan since 1907 when he first saw Christy Mathewson pitch. He hasn't missed many opening day games since then and while traveling for the New Jersey chemical company of which he now is a director, O'Brien used to schedule his itinerary to catch Giant road games.

Today there isn't a Giant player who does not know Tommy O'Brien and he knows all of them by their first name.

O'Brien now schedules his vacations to dovetail with the Giants' spring training period. He was in Phoenix this year—his 12th in training camp.

"I didn't want to lose a friend," said O'Brien recalling the Giant move from New York to California, "so I came with them."

LAST NIGHT'S warm reception at San Francisco Airport and today's parade, with Foghorn Murphy shouting his throaty "Play Ball," melted whatever chill was left in Giant bones by the nippy 40 degree temperatures in St. Louis.

It definitely was longjohn weather in the midwest and the players made use of their winter gear.

Concerning the enthusiastic reception, Bill Rigney had this to say:

"Don't ever underestimate that feeling between the fans and players. It makes a big difference. Ask any player if it doesn't."

Willie Mays said: "Sure it feels good to be wanted."

Campy Says Jones Gives Giants Chance For Title

LOS ANGELES (AP)—The Los Angeles Dodgers are back home and with them is the familiar and smiling face of Roy Campanella.

The great ex-catcher, tragically paralyzed in an auto accident last year, said he is looking forward to watching the Dodgers open their home season in Memorial Coliseum against the St. Louis Cardinals Tuesday night.

"We're going to be stronger this year and I'm sure we'll finish in the first division," Campanella said.

"We could go all the way,

but to do that several of the fellows would have to have good years."

Teams to beat? Milwaukee, San Francisco and Cincinnati, Campy said.

"The Dodgers can handle the rest of them," he added. Campanella said he thought that Milwaukee was a shoo-in to repeat as National League champions until the San Francisco Giants picked up Toothpick Sam Jones.

"He's tough to beat," said Campy, with the air of a man who many times faced Sad Sam's crackling curve.

Unheralded Team Seventh In ABC

ST. LOUIS (AP)—An unheralded team almost walked off with the top prize in the American Bowling Congress Tournament Sunday night.

The A&A Asphalt team of Birmingham, Mich. took seventh place in the Open Division with a 3104 total.

Although they missed first place by 140 pins, the A&A team had an excellent chance to surpass the pace-setting Pfeiffers of Detroit who led with 3243.

Starting with 1071, the A&A team then improved to 1083, but slipped in the last game to 950.

USC Crushes Cal; Stanford Spikers Win

LOS ANGELES (AP)—Southern California boosted its consecutive dual track and field meet victories to 82 Saturday with a crushing 80% to 50 1/2 victory over California.

The Trojans won 11 of the 15 events.

USC sophomore Bobby Stratton won two events from favored Golden Bear stars. He edged Jack Yerman in the 440 yard dash. Both were timed at 47 seconds. He won the 220-yard low hurdles in 23.5. Willie White of the Bears pulled up and was fifth.

STANFORD (UP)—Stanford's trackmen rolled over Fresno State Saturday 111-20. It was the biggest point total ever for a Card team.

Star of the day was Ernie Cunliffe who clocked the fastest outdoor 880 time in the nation to date when he won the event in 1:50. It was a stadium record.

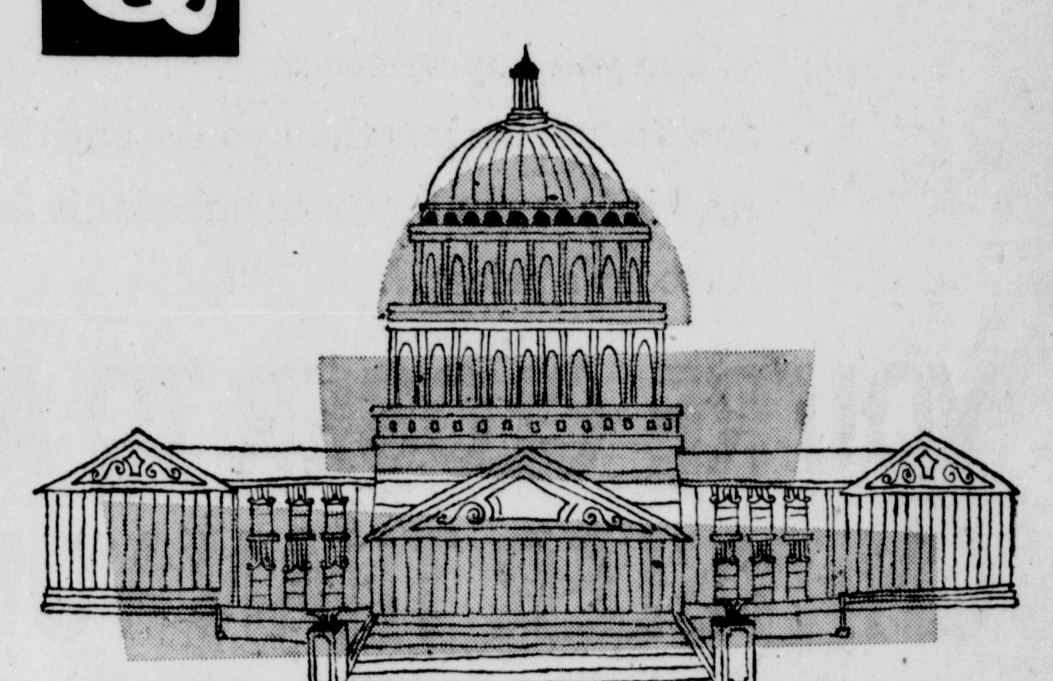

Stanford's Jerry Winters tossed the shot 55 feet 4 inches.

SAN JOSE (UP)—No team totals were kept in an invitational meet here Saturday, but there were plenty of top individual performers.

Erroll Williams of San Jose State topped an all-star high jump field with a 6-foot-9 jump for a new school mark. Other Spartan marks fell when Tom Daniels tossed the discus 167-foot 8 inches and Stan Hopkins pole-vaulted 14 feet 7.

Ada Fusselman Library Dedicated At College

More than 100 persons attended dedication ceremonies for the new \$115,000 Ada M. Fusselman Library building at College of Marin yesterday.

Mrs. Fusselman, president of

the college district board, expressed gratitude "for having been given this honor while I am still living."

"I come from the good old Victorian age when the library was a wonderful thing . . . before movies and television. It gives me the greatest thrill to know that America has a democracy like this—why, I haven't endowed even 50 cents to this library," she said.

"Reading," she continued, "has always been one of the great enjoyments of my life. I hope the students will make wonderful use of the added facility."

The ceremonies, with Ward H. Austin, college president, as chairman, were marked by selections by the College of Marin Choir, directed by Clinton Lewis, and presentation of the keys to the new building by contractor Henry Bormolini to Mrs. Fusselman.

Dr. Francis Bouquet, librarian at San Francisco Theological Seminary in San Anselmo, delivered the invocation.

New Map For 'City' Of Novato To Be Drawn

A new Novato incorporation map, drawn to meet requirements of the county boundary commission, will be ready for presentation to the commission at its next regular meeting on April 24, or sooner, according to Clark M. Palmer Jr., chairman of the Novato Home Rule Committee.

The commission Friday rejected the original incorporation map, asking that a more detailed map be prepared. Palmer said today the more detailed map will be prepared by John Lynch of the Marin County Abstract and Title Co. It will be essentially the same map as far as boundaries of the proposed city of Novato are concerned, he noted, but will be superimposed on a more detailed map of the Novato area, showing exact property lines.

The commission indicated Friday that it is willing to hold a special meeting sooner than April 24 if the map is ready.

Circulation of incorporation petitions is being delayed until the map wins boundary commission approval and approval of the county board of supervisors.

\$3,200 Given To Scout Council

Dixie School Trustees To Discuss Personnel

The Dixie School District board will hold a special meeting at 8 p.m. Wednesday at the district office, 4775 Redwood highway, and discuss in executive session the personnel recommendations of Supt. Dennis B. Willis.

The superintendent said that 54 of the district's 56 teachers are probationary teachers, subject to dismissal. Dixie School District will probably grant tenure to a dozen of them who have completed three years in

the district, Willis said. Re-hiring of teachers is scheduled for the April 22 board meeting.

Also on the agenda of the special meeting is awarding of a contract for development of a 25-acre Terra Linda site for an intermediate school on Las Gallinas avenue just south of the Freitas home ranch. Bids will be opened at 4 p.m. Wednesday.

The Dixie trustees will be asked to appoint three teachers to a seven-member evaluation

committee which reviews the educational background of teachers and places them at the proper salary schedule step.

The trustees will review plans for dedication of Santa Margarita School in Terra Linda, scheduled for April 26 at 2 p.m. The last unit of the 12-classroom school opened in February.

Sanitary Board Meet

San Rafael Sanitation District trustees will meet at 1 p.m. on April 23 in the city hall, instead of on April 16. The date was changed because district Administrator Norris Rawles will be out of town attending a convention on April 16.

Two Given Fines For Drunk Driving

Two drunken drivers have been fined in Marin Municipal Court.

Allie Clyde Roberts, 57, of Stockton, must pay a \$150 fine or spend 15 days in jail. He must not drive for the next 90 days.

Roberts was arrested on Highway 101 on April 2.

PRESBYTERIAN WOMEN

Japan International Christian University Topic Of Program

The Japan International Christian University was featured at the April 9 meeting of the Women's Society of the San Rafael Presbyterian Church arranged by the president of the Society, Mrs. Samuel D. Archibald.

Guest speakers were Mrs. George O. Wilson of Calvary Church, San Francisco, and Mrs. John W. Bowman of San Anselmo. Mrs. Archibald, Mrs. Wilson and Mrs. Bowman are members of the Women's Planning Committee for the university. Mrs. Bowman gave the devotion following the invocation by the Reverend Herrick Lane.

Many guests were in attendance with the members, a number of whom represented the San Anselmo Presbyterian Church.

Mrs. George Arnold introduced as the soloist, Miss Chu-Hsiang KAO, who for the past three years has been a student at the seminary. Upon her graduation Miss KAO will return to her native Formosa, where her father is a minister, to teach.

Wearing the traditional costume of the Orient Miss KAO sang three varied numbers, accompanied at the piano by Mr. John Thomas. The numbers

included an action song, a lullaby and the favorite, Cherry Blossoms.

Mrs. Wilson, whose husband is a native of San Rafael, recently enjoyed a year of travel which included much time spent in Japan and a visit to the ICU where they attended the first commencement exercises.

Her colored slides showed the beauties of Japan and also some of the devastation of the atom bomb at Hiroshima after August, 1944. One picture showed the memorial to the 65,000 who perished. Modern are many of the buildings.

The craters, geysers, pagodas, temples, shrines, gardens, rivers, lakes, pearl beds, traditional costumes—all were pictured—some of the costumes one thousand years old.

Both Mrs. Wilson and Mrs. Bowman showed many pictures of the university buildings and grounds, and the faculty and students. (Dr. Bowman spent a year there as a visiting professor while Mrs. Bowman devoted much of her time to art.

Geology, too, had a fascination for Dr. Bowman at ICU where excavations revealed a culture of 2500 B.C.

Twelve nationalities are represented on the ICU faculty

Mrs. Bowman said where the enrollment is confined to a limited 800. The students come from all over the world.

The unity among peoples and nations is ably demonstrated at the university Mrs. Bowman said.

Fifteen different denominations from America support the university.

The Women's Planning Committee of Japan International Christian University Foundation organized in 1953 has taken for its 1959 project the raising of \$125,000 to complete the building of the church at ICU. In addition memorial gifts of \$25,000 for an organ with an electric amplifier, and \$25,000 for the construction of a tower are being sought.

The part of the university church now standing was made possible by the gift of friends in Iowa.

Osawa is the nearest village to ICU with Jindaiji on the other side of the campus.

Luncheon table decorations featured succulents and driftwood. Miniature Japanese parasols decorated the dessert. Dwarf trees were used at the speakers' table. Oriental costumes were modeled.

Birthday Party Is Seen On Television

Not only did the Village Salvage Shop in Tiburon celebrate its birthday in the approved fashion recently by inviting all of its friends in to share a cake, but the next day everyone was able to see the affair all over again on television.

Guest of honor at the party celebrating the shop's seventh birthday was Wanda Ramey who cut the cake with a real sword and then reported the event on her noon news telecast on KPIL.

Featured on the telecast with Miss Ramey were Linda Samilison and Susie Lanus, both seven years old, just like the shop. Linda was pictured trying on a tribal headpiece which is for sale at the shop and Susie was lending her approval.

Friends of the shop were asked to come to the party in clothes that had been purchased there.

Mrs. Arthur Talbott, shop treasurer, wore a smart blue polka dot sheath and Mrs. Carl Lanus, shop manager, was in a grey cotton with net inserts. Chairman of the Governing Board Mrs. John Ericson sported a fashionable stole made from metallic cloth.

Representatives from the various organizations which operate the shop as partners arrived to wish the shop well including the Rev. E. J. Mohr of St. Stephen's Church and Mrs. John Hoefer, St. Stephen's Guild president, who carried skis which she had bought there very reasonably. Mrs. Kelly Wheeler, president of St. Hilary's Women's Club came and the Southern Marin Recreation Center was well represented by Mrs. George McKegney, wife of the governing board president and Mrs. Stanley Peterson, board member who has recently assisted in launching the Center's women's auxiliary, the Larces.

Items for sale which were displayed on the TV program included a set of four escargot servers, a marble bust and a decorated wire cone designed to keep insects off plates of food at outdoor functions. One of the features of the afternoon was a grab bag of items from the shop.

Sausalito Club To Hear Talk By Councilman

At the civics program meeting of the Sausalito Woman's Club on Thursday, Mrs. M. Justin Herman, chairman of the Sausalito Citizens' Committee for the People-to-People Program, in conjunction with Mrs. Walter Thomson, chairman of the Civics Committee of the Woman's Club, will present Councilman Robert C. Doerr, former mayor of San Jose, who will tell how his city has sent abroad the true picture of America through the exchanges of the People-to-People Program.

Doerr is a most enthusiastic proponent of this program and speaks with authority of the values of this type of "sister city" affiliation since his own city of San Jose has carried on a very active and rewarding exchange with Okayama, Japan, since May, 1957. During that year the Mayor of Okayama visited the City of San Jose and in 1958, on the occasion of the first anniversary of the sister-city affiliation, Mr. and Mrs. Doerr paid a return visit to Okayama.

Doerr brought back a vast store of interesting and heartwarming experiences from this trip. He has also returned recently from Washington, D.C., where he addressed the Second Annual Convention of the People-to-People Program as a West Coast representative.

To complete the "international" theme for the day, Mrs. Thomson has arranged to present two exchange students who are currently attending Tamalpais High School under the auspices of the American Field Service: Ritva Hanonen from Finland and Houshang Dezfoulian from Iran.

There will be no charge for guests at this meeting.

OFFICIAL VISITS

Legion Auxiliary Holds Initiation

At a recent candlelight ceremony, four new members of Twin Cities Unit 313 of the American Legion Auxiliary were initiated during the official visit of the Auxiliary's district president, Mrs. Duncan Walker of Healdsburg.

New initiates included Mesdames Frank Etringer, Thomas Smith and Emelda Bates of Corte Madera and Mildred Young of Larkspur.

A host of distinguished guests and members heard the district leader's message calling for increased services in veteran hospitals where long-term hospitalized patients of World War I find themselves without personal family contact. "The, outside visitor's smile and few minutes of pleasant conversation continue to be great morale boosters," stated Mrs. Walker.

Emphasis was made on the Auxiliary unit's stronger role for care and protection of children in need. Heavy demands this year in Child Welfare on both the American Legion and the American Legion Auxiliary are expected to again reach the 8 million dollar figure expended last year by both organizations throughout the nation.

Deadline dates for report in Auxiliary functions from some 14,000 units in the States, Alaska, Hawaii, Canada, the Philippines and Europe were announced for May, as the Legion Auxiliary was chartered by Congress in 1919 and makes its yearly report of accomplishment to that body.

Santa Monica will be the site for the annual state convention

SAN FRANCISCO

Anne Filmer Weds Chris Gasparich

Our Lady's Chapel of Saint Dominic's in San Francisco was the setting for the recent wedding of Anne Louise Filmer, daughter of Mr. and Mrs. William Brand Filmer of San Rafael, and Chris George Gasparich, son of Mr. and Mrs. Chris T. Gasparich of Belvedere.

The Rev. Christopher Fritter, O.P., officiated at the 4 p.m. double ring ceremony and the chapel was decorated with brass standards containing all white spring flowers at each side of the altar.

The bride who was given in marriage by her father wore a street length sheath of white crepe with insets of Chantilly lace. Her shoulder length veil fell from a matching lace head piece and she carried an old fashioned bouquet of carnations, lilies of the valley and forget-me-nots with streamers cascading from the bouquet.

Attending the couple were Mr. and Mrs. Carl Wreden Jr., of Mill Valley, sister and brother-in-law of the groom. Mrs. Wreden was gowned in a blue silk shantung sheath with a matching veiled head-piece. She carried an old fashioned bouquet of pink carnations, roses and forget-me-nots with pink streamers.

For her daughter's wedding the bride's mother chose a caramel colored sheath of sheer wool. Her pill box hat was made of silk petals shading from yellow to bronze with matching accessories. Her corsage was of yellow bronze cymbidium orchids.

Mrs. Gasparich wore a sheath of Italian silk print in shades of bronze and green. Her accessories matched her tulle hat of green and her corsage was of green orchids.

Following the ceremony, a reception was held for family members only at the home of the bride's parents on 28th avenue. The wedding cake was decorated with lilies of the valley, gardenias and bouvardia.

For her wedding trip the new Mrs. Gasparich wore a suit of honey colored light weight wool with matching accessories. The young couple plan to spend a week in Carmel following which they will be at home to their friends at 211 Hanover avenue, in Oakland.

Schwartzkopf To Sing For Music Chest

Elizabeth Schwartzkopf, leading soprano of the Metropolitan and San Francisco Opera Companies, will give a recital in Forest Meadows, Dominican College, San Rafael, Sunday afternoon, July 19, as the second attraction on the Marin Music Chest Summer Concert Series. Miss Schwartzkopf will replace Eileen Farrell, who was originally scheduled to appear.

"We are very fortunate in being able to replace Miss Farrell with the internationally famous singer Elizabeth Schwartzkopf," Music Chest President Carlos R. Freitas said. "For years the Music Chest has been wanting to present Miss Schwartzkopf, but she has never been available during the summer."

Famed duo-pianists Lubo-schutz and Nemenoff will open the 25th summer concert season, Sunday afternoon, June 21. In compliance with many requests for a violinist, the Music Chest will present Michael Rabin, Sunday afternoon Aug. 2.

YOUR CHILD?

If your youngsters are still not protected against polio, insist that they start and complete the full series of polio shots NOW.

Polio isn't licked! In fact, among children not yet vaccinated, paralytic polio cases actually increased in 1958 over 1957. More one-year-olds were stricken than any other age group.

The 1959 polio season is fast approaching. The sooner your children are polio-protected, the safer their futures will be. And since polio strikes all ages — be sure to get your shots too. See your doctor or health department NOW.

DON'T TAKE A CHANCE—

TAKE YOUR POLIO SHOTS!

GETTING UP NIGHTS

If worried by "Bladder Weakness" (Getting Up Nights or Bed Wetting, too frequent, burning or itching urination), Secondary Backache and Nervousness, Strain Smelling Cloudy Urine, due to common Kidney and Bladder Irritations, try OXYSTEX for quick help. Safe for young and old. Ask druggists for OXYSTEX. See how fast you improve.

INCOME TAX FACTS

If You Haven't Filed Yet, Get To Work

By PETER J. WIKEL, CPA

I hope you have already filed your 1958 federal income tax return.

If not, then you should put this paper down and get that return in the mail right now.

If you find for some reason beyond your control it is impossible for you to complete your federal income tax return for filing by mid-night Wednesday, April 15, 1959, then you should request an extension of time in which to file your return. Extensions are usually granted, for good reason, for a 90-day period, although the director may grant an extension for as long as six months if the circumstances warrant.

Requests for extensions of time are filed on forms furnished by the treasury in triplicate, and the request must be signed by you or your duly authorized agent.

These forms are available at your local office of the Internal Revenue Service. All requests for extensions should be on these forms and three copies are necessary. However, if you are unable to secure the forms, a letter will do.

Your application should clearly set forth the full cause of the delay and the probable time that you will be able to complete your return.

It should give your full name and address as it will appear on your tax return when you do file.

If, by reason of illness, absence or other good reason, you are unable to sign this request, then any person in close business or personal relationship with you may do so, provided the reason and relationship are clearly stated in the request. In such case, the signer of the request will be considered your duly authorized agent for this purpose.

Extensions are usually granted for a good reason, such as illness, accidents, inability to secure all the facts necessary to complete your return, etc. Extensions are never granted because you are unable to pay the tax. If you cannot pay the tax due, file your return anyway. Uncle Sam will send you a bill and you will have to pay it sooner or later. He will charge you 6% interest, but there will be no penalty. If you do not file your return on time, Uncle Sam will charge you 5% for each month that your return is late, up to a maximum of 25%. So, you see, it is a lot better to file the return even if you can't pay the tax.

I hope these articles have helped you with your federal income taxes in some way. It has been a pleasure for me to write them and have you read them. I hope to see you again next year in the columns of this newspaper.

The 1959 Ford, here shown in Fairlane 500 Club Victoria model, shows off the styling which won it the gold medal of the Comite Francais de l'Elegance in this year's auto styling competition. Engineering advances along with style are Ford's reasons how to "Live Better By Far With A Brand New Car," theme of the current auto industry promotion campaign which runs through April 18.
